

MT BAW BAW STAKEHOLDER CONSULTATIVE COMMITTEE (SCC)**MEETING #4 – 18 AUGUST 2025**

The following topics were discussed at the April meeting of the Mt Baw Baw Stakeholder Consultative Committee.

Mt Baw Baw specific discussion points**Winter Visitation & Operations**

2025 visitation numbers have shown similar trends to the 2024 winter season with school groups playing a crucial role to maintaining mid-week visitation.

Positive feedback has been received regarding lift operations and popular new resort offerings adding value and income to the resort during low snow periods.

Snow Making Improvements

Improvements to snow making infrastructure and snow gun operations has proven successful with better snow coverage and positive customer feedback.

Shuttle Bus Trials

To manage the limited number of resort parking, shuttle bus trials have proven effective, with more focus required on better traffic management in future.

Capacity levels continue to pose a challenge with more education required regarding pre-booking and checking resort capacity levels prior to visiting the resort.

Summer Events

Planning for summer events for 2025-2026 have commenced with larger events such as the Victorian Downhill Series and Car Rally secured.

Early negotiations are underway to stage a music festival at Mt Baw Baw for late December/January focusing on ensuring events remain profitable, financially viable and minimal risk to the resort.

Energy Performance & Feasibility Assessment Report

ARV presented a summary of the Energy Performance & Feasibility Assessment outlining the purpose and recommendations to reduce energy costs and emissions to meeting the Victorian Government Net Zero target in 2045.

The next meeting of the Mt Baw Baw Stakeholder Consultative Committee will be 16 October 2025.
